Annual Report
2024

Connecting
Communities
Through Pathology

Vision

Our vision is that pathologists are equipped to bridge health disparities and enhance outcomes globally.

Mission

Improve people's health by:

- Developing tomorrow's pathology leaders through awards for advanced training, research, and education.
- Mobilizing pathologists to expand health equity in medically underserved communities within the US and globally.

Earle Collum, MD, FCAP
Kalisha Hill, MD, MBA, FCAP

Message from the CAP Foundation President

As we reflect on this past year, I am filled with deep gratitude for the unwavering support of our CAP Foundation community. On behalf of the Board and staff, thank you for generosity and commitment to our mission. Your contributions are not only appreciated- they are vital.

In 2024, your generosity helped us:

Deliver free cancer screenings and health education through See, Test & Treat ®, providing life-saving services to those who need them most.

Support the next generation of pathologists through grants and awards that advance education, training, and groundbreaking research.

Strengthen global diagnostic capabilities, reaching medically underserved populations and improving care in resource-limited settings.

Elevate patient advocacy, ensuring the essential role of pathology is understood and valued in every step of the care journey.

Thank you for believing in our vision. Together, we are building a healthier future- one patient, one pathologist, and one community at a time.

With sincere appreciation

Bharati Jhaveri,
